CARE & CLEANING

Most stains can be cleaned using warm soapy water, followed by clean water rinsing. Moderate scrubbing with a medium bristle brush will help loosen soiling from the embossed surface. Failure to follow cleaning instructions may permanently stain and reduce the life of the vinyl. For further cleaning information, please contact Austex Fabrics for a product cleaning guide.

All Austex products are designed and manufactured in accordance with the quality assurance system ISO 9001.

AUSTEX FABRICS

TESSUTO classic

Commercial Upholstery Fabric

TESSUTO classic captures the look and feel of woven fabric whilst providing the durability and care of a vinyl.

The outstanding performance of TESSUTO classic makes it a good choice for use in high traffic areas, especially in hotels, restaurants, hospitals and educational facilities.

TESSUTO classic is U.V. resistant which enables the vinyl to withstand extreme outdoor conditions. The vinyl fabric is also treated with Protech coating, a formulation which helps guard against stains and inhibits the growth of bacteria in healthcare environments.
