

PELLAN ultimate

Commercial Upholstery Fabric

The ultimate upholstery vinyl which combines durability with the appeal of genuine leather. Long lasting quality has given PELLAN ultimate the reputation for excellence in all commercial furniture applications.

The outstanding performance of PELLAN ultimate makes it a great choice for use in high traffic areas in hotels, restaurants, hospitals and educational facilities.

PELLAN ultimate is U.V. resistant which enables the vinyl to withstand extreme outdoor conditions. The vinyl fabric is also treated with ezyclean® a protective finish which helps guard against stains and inhibits the growth of bacteria in healthcare environments.

EZYCLEAN®

Ezyclean technology is a ground-breaking feature that offers the highest level of stain resistance. Ezyclean will ensure the easy removal of tough stains using alcohol or bleach solutions. No damage will occur to the appearance of the vinyl even after repeated cleaning, making it the only choice for healthcare and commercial environments.

CARE & MAINTENANCE

Most stains can be cleaned using warm soapy water, followed by clean water rinsing. Moderate scrubbing with a medium bristle brush will help loosen soiling from the embossed surface. Failure to follow cleaning instructions may permanently stain and reduce the life of the vinyl. For further cleaning information, please contact Austex Fabrics for a product cleaning guide.

All Austex products are designed and manufactured in accordance with the quality assurance system ISO 9001.
