

Performance Upholstery Vinyl Designed to Endure

PELLAN+ is a premium upholstery vinyl that delivers the luxurious look and feel of genuine leather while offering exceptional durability and long-lasting performance. Trusted across commercial environments, PELLAN+ has earned a reputation for quality, reliability and design versatility in furniture applications where performance matters.

Engineered for high-traffic spaces, PELLAN+ is an ideal choice for hotels, restaurants, healthcare facilities, educational institutions, and other demanding environments. Its superior construction provides outstanding resistance to wear, while its UV-resistant properties allow it to perform reliably in both indoor and outdoor applications.

Enhanced with PROTECH® protective technology, PELLAN+ helps defend against stains and supports improved hygiene by inhibiting bacterial growth, making it particularly suited to healthcare and hospitality settings.

Combining style, strength and advanced protection, PELLAN+ delivers a smart upholstery solution built for today's commercial interiors.

CARE & CLEANING

Most stains can be cleaned using warm soapy water, followed by clean water rinsing. Moderate scrubbing with a medium bristle brush will help loosen soiling from the embossed surface. Failure to follow cleaning instructions may permanently stain and reduce the life of the vinyl. For further cleaning information, please contact Austex Fabrics for a product cleaning guide.

All Austex products are designed and manufactured in accordance with the quality assurance system ISO 9001.
